

Connect with us online

LifeSource is the non-profit organization dedicated to saving lives through organ and tissue donation in the Upper Midwest, serving communities in Minnesota, North Dakota, South Dakota and portions of western Wisconsin.

We hope you'll connect with us online to help make our communities stronger. We count on our volunteers and advocates to help us more widely share the life-saving mission of donation and transplantation so that people have the information they need to register as a donor and save lives.

Website
