from 2023

## HEADLINES OF THE YEAR

Explore our new public awareness campaign:

[MenAreTheAnswer.org](https://www.menaretheanswer.org)

### Men's awareness campaign

LifeSource launched a public awareness campaign this year to encourage more men to register as organ donors. While men are more likely than women to need a transplant, fewer of them are registered as organ donors—almost 50% of Minnesota men haven't yet registered as organ donors.

Photo credit: Mayo Clinic

### Face transplant

LifeSource partnered with Mayo Clinic on the second-ever face transplant surgery conducted in our region. During the 50-hour procedure, Derek Pfaff (transplant recipient) had 85% of his face replaced with donor bone, tissue and skin.

### NRP

Normothermic Regional Perfusion (NRP) is a significant advancement in the field of transplantation, leveraging cutting-edge technology to save more lives through organ donation and improve patient outcomes. LifeSource launched its practice in 2024.

**“Together, we saved and healed over 73,000 lives in 2024. Let's continue to dream big, embrace change and inspire one another to serve those who need us most. It is a privilege to serve this mission.”**

—Kelly White, LifeSource Chief Executive Officer
