

5-Year Performance

LifeSource is focused on high quality and performance improvement. Over the past five years, we have invested in our workforce, partnerships and innovations, resulting in more donors and more lives saved through transplantation.

Organ donors

Year	2020	2021	2022	2023	2024	2025
Organ donors	173	183	222	256	258	287 (Goal)

5-year increase: 49%

Transplanted organs from local organ donors

Year	2020	2021	2022	2023	2024	2025
Organ donors	603	572	760	797	874	971 (Goal)

5-year increase: 45%

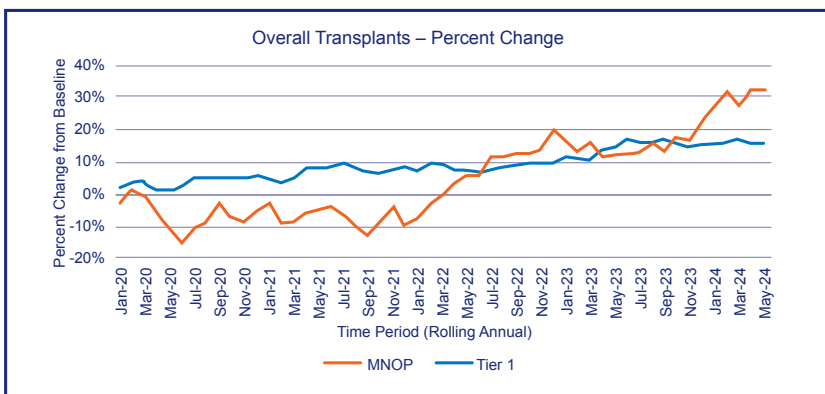

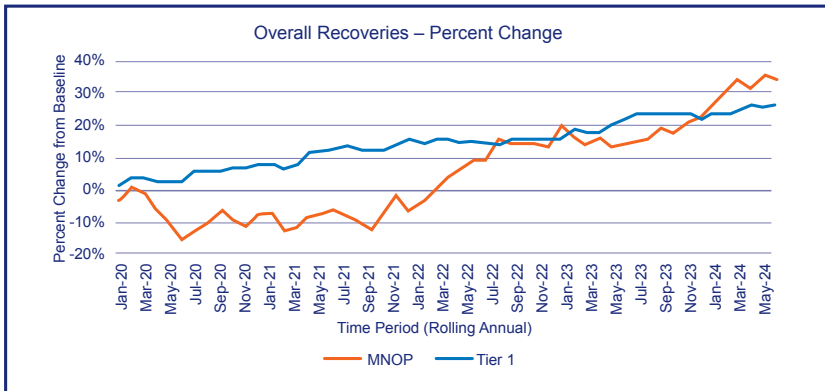

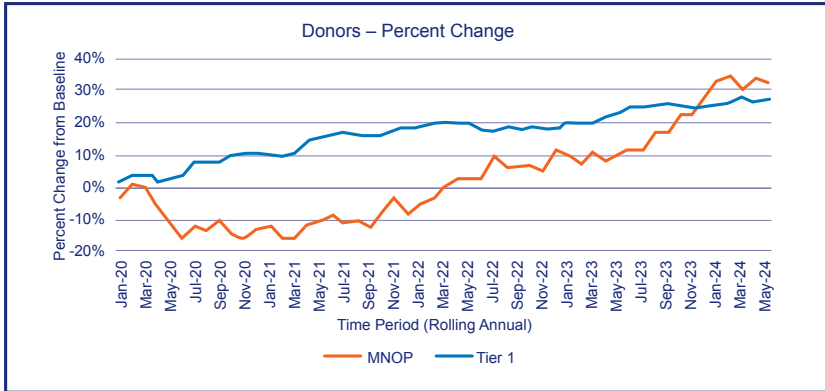

LifeSource Tier Status

Year	Final Tier	Donation Rate		Transplant Rate	
		Tier	Donors to meet Tier 1	Tier	Organs to meet Tier 1
2019	2	1	0	2	20
2020	3	3	45	3	164
2021	3	3	54	3	200
2022	2	2	42	2	108
2023	2	1	0	2	52

LifeSource Comparative Increases

The Scientific Registry of Transplant Recipients (SRTR) data shows that LifeSource (MNOP) has had a more significant increase in organ donors, organ recoveries and transplants than OPOs currently ranked as Tier 1.
